

At Mammina, we carefully select between fresh and dried pasta to ensure each dish reaches its full potential. Some pasta dishes shine brightest when made with dried pasta, which offers a distinct texture and flavor that fresh pasta cannot replicate. This thoughtful choice allows us to provide an authentic and exceptional dining experience, honoring the unique qualities of each pasta type.

For the first time we are introducing the "four handed pizza".

A "four-handed pizza" is a concept where a pizza is crafted through the combined expertise of a pizzaiolo and a chef. The pizzaiolo focuses on creating the perfect dough, while the chef designs the toppings, blending their culinary skills to create a unique and exceptional pizza.

### CURIOSITY CORNER

#### DOP

(Denominazione di Origine Protetta):  
DOP stands for "Protected Designation of Origin." It's a certification that guarantees the origin and quality of a product. To be labeled DOP, a product must be produced, processed, and prepared in a specific geographical area according to traditional methods.

This ensures that you're enjoying an authentic, high-quality product with a unique connection to its place of origin.

#### EVOO

(Extra Virgin Olive Oil):  
EVOO is the abbreviation for "Extra Virgin Olive Oil," the highest quality olive oil available. It is made from pure, cold-pressed olives, without any chemical treatment. EVOO has a low acidity and a rich, fruity flavor, making it a key ingredient in Mediterranean cuisine and a healthy choice for cooking and dressing dishes.
